

LEADING CHOICE FOR BRAIN INJURY CARE

The Brain Injury Rehabilitation Program at Marianjoy Rehabilitation Hospital, part of Northwestern Medicine, provides inpatient brain injury rehabilitation to more patients than any other inpatient rehabilitation facility in Illinois, according to medicare.gov.

With an experienced care team, state-of-the-art equipment and a healing environment, we are committed to maximizing every patient's outcome. Because we put patients first in everything we do, 98% of patients said they would recommend Marianjoy to family and friends.*

Higher quality of care means better quality of life. Learn more at marianjoy.org or call **630.909.8000**.
